Pop-Up MANGo

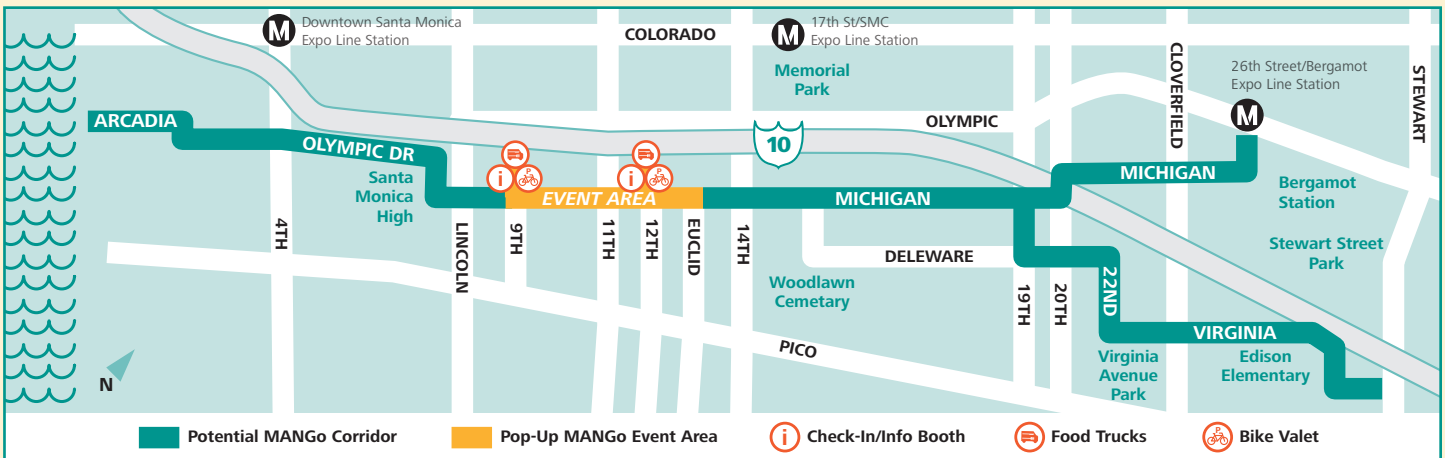

Temporary Greenway Installation and Community Festival

Saturday, September 21,
11am–3pm

On Michigan Avenue, between
9th Street and Euclid Street

Mark your calendars for a FREE, fun-filled, family-friendly festival and community conversation about the Michigan Avenue Neighborhood Greenway (MANGo). Hosted by the City of Santa Monica, Pop-Up MANGo invites the community to take part in the planning of a potential new Greenway for the Pico Neighborhood.

Pop-Up MANGo will feature temporary installations of possible improvements for the corridor such as: traffic calming devices, curb extensions, enhanced landscaping, places for neighbors to gather, and wayfinding signage.

Food trucks, music, art, and interactive activities will also be a part of this exciting day. A morning bike tour of the entire potential three-mile Greenway alignment will be hosted by Santa Monica Spoke.

Participants are encouraged to walk or bike to the event.

The potential, three-mile Michigan Avenue Neighborhood Greenway (MANGo) would connect residents to schools and community destinations via an inviting streetscape of sidewalks, calm roadways, increased trees and landscape along Michigan Avenue and adjoining streets. Spanning from Stewart Street to the beach, the Greenway would provide residents and visitors with a safe and comfortable place to walk, bike, interact with neighbors, and just be.
